Have you ever wondered if there was **'something more'** you could do – to be more involved with working for God's Kingdom, to be a better partner with your pastor,, to serve the church and Christ's body more effectively?

***There is!!!!***

God is calling each of us in the Greenville District to use the gifts and strengths God has already provided to do exciting, world-transforming things right here.

To find out more, come to this **Laitiy University kick-off-** a special worship service where a mass choir of area churches and the Wesley Singers will surround themes from Laitiy University which will give you the tools to transform your ministry and a desire to want so much more!
